Get Lawn Seed Minded

For Fall Seeding

The 1948 crop of perennial grasses used in our high grade lawn mixtures has developed very short. The prolonged drouth in the producing areas last Fall and early Spring played havoc with the crop. Values have risen materially. Despite the higher price, this Fall should see splendid lawn seed sales. The widespread winter kill coupled with poor weather conditions for Spring seeding have left the lawns in poor condition in many areas. Much seeding must be done. Then, too, many new homes will be completed and these yards will need seeding. Let's make the most of the situation and push lawn seed—talk lawn seed to every one of your customers. It should be a fine
